Ref: Regent Motor Builds and Kits

1st May 2009

Dear Sir/Madam,

We would like to introduce you to the Regent Motor Car which has been specially designed and built for the wedding and executive car hire market. This fine example is a hand crafted vehicle being built at our St Helens site where if you wish to view the build process and discuss aspects of the car and the availability to meet you're wedding or executive requirements we will be happy to speak with you. Our sister company Caremore Cars which many in the wedding car hire field will recognize, was founded 38 years ago and is one of the leading specialist in the wedding car hire and sales trade and is willing to share and enhance your company fleet with the Regent.

We enclose our leaflet on the Regent for which we have two body styles, firstly the full open top tourer and the landaulet both of which will seat up to six passengers each, which is displayed on the leaflet our Bronze build which costs £25,500.00 plus vat on the road ready to work. With reconditioned engine and gearbox £27,500.00 plus vat.

The Silver build Regent consists of additional all chrome headlights, bonnet mascot, chrome heater vent and stainless steel grill veins set into the fibreglass nosecone and reconditioned engine and gearbox at a cost of £29,500.00 plus vat

Our Gold build Regent is as the silver plus extra wood facia panels in the rear compartment, cocktail cabinet, wool head lining for the cost £31,500.00 plus vat

Finally the Platinum build Regent is as the silver and gold plus full stainless steel nose cone, stainless steel wire wheels with white walls leather faced seats and vintage style carriage lamps at a cost of £36,800.00 plus vat

We will also supply self build in kits form from £6,885.00 plus vat (starter pack)

To view our cars please phone and we will collect you from Liverpool John Lennon Airport, Manchester Airport or the local train station and return you after your visit here free of charge. Or alternatively you are welcome to call in and view our magnificent range of Regent Cars at your convenience.

We also offer a delivery service for your Kit or Built car anywhere in the UK at a reasonable cost or for further a field at standard export charges.

For more information please contact: David Cleaton or Francis Richards.
